25th January 2018

Dear Parents,

As you will be aware the year 10 PPE week commences on Monday 29th January. Students have been issued with their examination timetables and have been undertaking preparation in their lessons.

Please find below a summary of topics that your son/daughter is required to revise for next week. These have been made available to parents in order for you to support your son/daughter with their revision. Students have been provided with revision guides for most subjects. Where revision guides were not available from the exam board, subject teachers will have prepared revision guides/materials for all students to use.

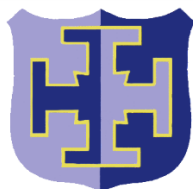

We also draw your attention to the revision websites and log in details which were shared with parents at the year 10 parental engagement evening earlier this month. These websites contain useful revision resources to be used at home.

If you have any questions about the year 10 PPE week, please contact a member of the Middle School Team.

Yours Sincerely,

Mrs S Probyn-Jones
Assistant Key Stage Leader for the Middle School
